F C
you are already beautiful, there ain't one thing that you could need
F C
you are already wonderful, no use for powder, blush or rings
F C
even though people are always moving, to me you'll always be the same
F C
my eyes for you are never closing, what you do to me will never change

Dm
i see you standing before the mirror
C
pointing out the flaws with your eyes
Dm
i wish that you would only see girl
C
those faults are only in your mind

F C
you are already beautiful, there's nothing that you need to do
F C
you are already wonderful, not just the outside but inside too
F C
your love is special like a secret, it makes me woozy like fine wine
F C
you know that I will always wanna drink it, so I keep you with me all the time

Am G F C
I pray that you never listen to the voices in your head
Am G F C
that only serve to beat you up and only serve to make you mad
Am G F C
to me you'll always be kind and strong, you're exactly what I need
F G
baby I believe, you were made for me
