

Chickens in the Yard
by Andrew Sullivan - 2013
Capo 3

C Am C Am
I don't wanna be a hurricane, roaring 'cross all your flood plains
F G C
no I don't wanna be a burden to you
C Am C Am
I don't wanna be a gentle wind, I may not always be a gentleman but I
F G C
wanna show my love for you
F G C
tell me babe, am I finally getting through

CHORUS

F G
I want our love to be better than the movie screens,
F G
And I want chickens in the yard
F G Am
I wanna have friends next door and so much more, and
F G C
I want to be with you

skipping rocks from the dock is fine
so is looking at the stars at night
no I don't wanna look without you

life is good when you're on the lake
watching people try to jump the wake
and tonight I'll light a fire and sing some songs
I hope that you will sing along
