F C  
Have a little faith in me  
G Am  
Have a little faith in me  
F C G  
I know sometimes it's hard to see  
F C  
Who I am, and who I'll be  
E Am F  
or just where this road I'm walking down will lead but  
G C F C  
have a little faith in me

F C  
I play this guitar for my nine-to-five  
G Am  
Singing these songs to try to earn a dime  
F C G  
I don't have much money but babe I can pay the bills  
F C  
Everything that happens will happen in time  
E Am  
baby I believe that we're gonna be just fine  
F G C F C  
so have a little faith in me

(V2 - same pattern)

You know I love all the things you do  
spinning your love for me into a tune  
you say you're working hard and baby I agree

but true love assumes no wrongs  
And babe I've been beside you all along  
so have a little faith in me
