

I Will Never Walk Out On You
By Andrew Sullivan
2012

You got the looks
that make any man
insecure

how you could love
a plain one like me, baby
I'm not too sure

It's not like I have
anything great to off-fer you
But baby I'll never walk
Out on you

You've got your plans
You're in demand
You're perfect I'm sure
Girl I promise you'll see
No I'll never leave,
leave you wanting more

Even though all people change
And circumstances won't stay the same for me and you
Tell me what good is this man, babe, if I don't get to come home
to you, to you
