

**This Single Moment**  
**by Andrew Sullivan - 2011**

There comes a time in everyone's life where they gotta take a stand  
They don't like the way things are going, they do not like where they've been  
Since you made a cameo appearance into this little life of mine  
I've been breaking down the details for what I gotta do to keep ya here all the time

**Chorus**

**I've only got 5,000 ways to make you change your mind**  
**I've only got a hundred times or so to run through my lines**  
**I've only got a couple chances to pick my time**  
**And I've only got this single moment to make you mine**  
**I've only got this single moment to make you mine**

Tears and tatters and jealousy are nothing but foolish friends  
They keep beating me down, making sure that I'm never gonna stand again  
There's only so much heartbreak that a heart can take before it turns and then  
I'm gonna do my best to make sure that I'm never gonna see them again
